

## Pupil Premium Statement 2017/18

Number of pupils on roll (October 2016 census)	97
Number of children eligible for Pupil Premium Grant	9
Amount of PPG received per pupil	£1320
Total PPG received	£11880

### Principles:

- Ensure that teaching and learning opportunities meet the needs of all pupils
- Ensure that appropriate provision is made for vulnerable groups, including those from socially disadvantaged groups
- In making provision for socially disadvantaged groups, we recognise that pupils who receive free school meals are likely to be socially disadvantaged
- We also recognise that not all pupils who are socially disadvantaged are registered for free school meals and we reserve the right to allocate Pupil Premium funding to include any pupil or group the school has legitimately identified as socially disadvantaged
- We aim to ensure that Pupil Premium funding is used to accelerate progress, moving children into at least age related expectations
- Pupil premium funding will be used to target children to achieve age expectations in particular at the end of KS1 and KS2 and to support those PPG children who are able to achieve at greater depth/higher level.
- Ensure that pupils eligible for PPG are not disadvantaged in terms of access to enhanced curriculum and enrichment opportunities at school
- Ensure that PPG eligible children have the equipment and uniform they need in order to access the curriculum and feel a part of school life

### Impact of applying these principles in 2016/17:

Due to the very low number of PPG or disadvantaged children in any cohort (often only one or two), it would be inappropriate to publish statistical analysis in any depth as this is likely to identify individual children within the community. The following gives a picture of our KS2 progress for PPG children compared to non-disadvantaged both within school and nationally;

	Reading	Writing	Maths
Disadvantaged in school	+0.66	-1.03	+2.03
Non disadvantaged	+2.27	-0.41	+3.93
Disadvantaged Nationally	+0.33	+0.17	+0.28

Achieving expected standards in reading, writing and maths is considered a good measure to promote future social mobility.

	% disadvantaged children achieving expected standard within the <b>school</b>	% disadvantaged children achieving expected standard <b>Nationally</b>	% disadvantaged children achieving at the higher level within the <b>school</b>	% disadvantaged children achieving at the higher level <b>Nationally</b>
Reading, writing and maths combined	<b>75</b>	<b>67</b>	<b>25</b>	<b>11</b>

Children considered disadvantaged made good progress when compared to the National picture across reading, writing and maths. The percentage attaining age related outcomes and higher level outcomes exceeded that nationally achieved. It should be noted that the small numbers of children eligible for PPG mean that the statistical significance of this is difficult to ascertain.

### Strategies for 2017/18

To ensure that vulnerable groups achieve at least as well as pupils nationally (Reading, writing, maths)			
	% disadvantaged children targeted to access	Total cost estimated	Impact
1 to 1 teacher led intervention or small group intervention	100%	£5000	% pupils reaching age related outcomes compared to national
Additional TA support in the classroom	100%	£20178.00	Good progress for target groups
Ensure that pupils eligible for PPG are not disadvantaged in terms of access to enhanced curriculum and enrichment opportunities at school			
Trips/residentials	100%	900.00	Good progress for target groups compared to national. Positive verbal feedback – less tangible benefits eg confidence, independence, equality of opportunity etc
Clubs	100%	1200.00	Pupils accessing breakfast, after school care and sports clubs. Pupils more likely to be on time for school, have access to enhanced curriculum/enrichment
Ensure that PPG eligible children have the equipment and uniform they need in order to access the curriculum and feel a part of school life			
Uniform, PE kit/equipment	100%	£300.00	Pupils able to access the curriculum. Pupils are school ready and are not visibly disadvantaged compared to peers.
<b>Total Spend</b>		<b>£27578</b>	
Difference/overspend		<b>-£15698 (PPG income £11880)</b>
