

SPORT PREMIUM FUNDING (2018-2019)

Sustainable Sport Provision

At Mendlesham Primary School, we are committed to ensuring our children understand the importance of being active, having healthy lifestyles and enjoying sports and game activities. This year we expect to receive around £17 000 in Sports Premium grant.

2018-2019 Sport Premium Aims:

100% of our teachers will benefit from professional development in the form of mentoring, knowledge and skills to improve their confidence in delivering PE lessons

100% of Year 3, 4 pupils to be provided with one term, of swimming lessons led by a qualified instructor at the local leisure centre. This year, we also aim to offer any non-swimmers in year 5 this additional provision to give them opportunity to gain this crucial life skill.

100% of our pupils increase their knowledge around healthy eating and life-styles.

100% of our pupils to access gymnastics tuition at Piper's Vale Gymnastics Centre in Ipswich, led by a qualified coach.

100% of our pupils access a world class athlete visit to our school due to our membership of GVSP.

100% of our key-stage 1 and 2 pupils to be provided with access to after school or lunch time sport clubs provided by sport coaches. We hope that by offering lunch clubs as well as some after school clubs this year, more of our children will be able to take advantage of the opportunity.

100% of our KS1 and 2 pupils to be provided with the opportunity to take part in inter-school events.

100% of pupils to participate in our school sport festival.

Improve our outdoor play provision for 100% of our children – increase activity of children at play and lunch times by providing playground marked out games and permanent fixtures such as goals/ basketball hoops/gym equipment.

Purchase additional equipment to support lunchtime and afterschool clubs

Carry out a parent and pupil survey to establish levels of participation outside of school

Give our upper key stage 2 children the opportunity to experience some more adventurous sports activities

2018-19 planned spend

	Cohorts	Cost

Travel to tournaments	KS2	Est £300
Upper key stage 2 adventurous sports	Years 5 and 6	Est £1000
Repair and maintenance including annual checks	All pupils	£1000

Impact

Specialist Sport's Coaching /Mentoring – This is aimed to increase the confidence of teaching staff to deliver high quality sequences of lessons through the provision of resources, planning etc.

Sports Clubs – In 2018/19 we aim to have a variety of after school sports clubs including dance, multi-sports etc as well as rugby and Pilates as examples of lunchtime clubs. Pupils have subsidised/free access to these clubs. We hope to increase participation from that achieved last year.

Purchase of additional equipment – this is to include playground games, and some permanent playground fixtures

Improvement to playground provision – to include playground markings (games as well as permanent fixtures eg hoops/goals).

Swimming – we feel that it is essential that as many children as possible leave primary school with the important life skill of swimming and the understanding of water safety. This year we aim to include as many non-swimmers as possible from year 5 in our swimming offer.

Increase knowledge of healthy eating and lifestyles –this is an on-going project to promote healthy eating and lifestyles.

Access to gymnastics provision at Piper's Vale Gymnasium – all pupils (a class at a time) will be able to visit and use the world class facilities at Piper's Vale Gymnasium with professional coaching. Last year this inspired several children to join a gym club, including at locally and at Piper's Vale. Most of our children would not experience this high quality provision if not through the school.

Travel to tournaments – pupils to have access to inter-school tournaments through the free provision of transport where appropriate.

Upper Key Stage 2 Adventurous Activities – widen the horizons in terms of sporting opportunities for our oldest children, with activities that could include climbing wall, archery, par cours, orienteering, kayaking etc.

2017-18 Spend
