

## Geography

**United Kingdom Study:** We will name, locate and identify the 4 countries of the U.K and discuss our experiences of visiting them. We will also make observations of seasonal weather patterns in the U.K.

## P.E.

**Games:** We will explore invasion games and learn attacking and defending techniques.

**Dance:** We will create, perform and share dances based on "Commotion in the Ocean". We will use a range of shapes, and create clear start and finish.

## Art and DT

**Making vehicles with wheels and axels:** We will design and make our own vehicles, exploring joining and movement.

**Painting:** We will improve our techniques in using colour, pattern and shape.

## Science

**Materials:** We will identify, name and discuss the uses of everyday materials. We will conduct experiments, make observations and draw conclusions on materials and their properties.

## History

**Castles-** We will explore how and why castles were built and the people of the past who built and lived in them. We will compare life in a castle to modern day and discuss changes over time.

What Elm Class are doing this term

Autumn 2019

## English

We will explore traditional tales and learn to retell them out loud and in writing. We will sequence our own and make interesting changes. We will also base our writing on life in a castle, linking to our history topic. Within this topic we will write recounts and instructions.

## Maths

We will explore methods of counting and adding & subtracting. We will investigate multiplication & division as grouping and sharing. We will understand place value (hundreds, tens and units) and use this to understand prices. We will also explore fractions of objects and amounts using both practical and written methods.

## Computing

**Esafety-** We will understand how to stay safe online and where to seek help. We will know the impact we have on others online and learn to be responsible in this.

**Creating and retrieving documents-** We will create documents that we can edit, save and retrieve later, practicing our typing and editing skills.

## R.E.

**Christianity- belonging, believing, prayer and worship:** We will learn about the special places in which people practice their religions and why giving gifts is special.

**Hinduism- celebrations:** We will explore how weddings are celebrated and the traditions they follow.

## Music

**Hands, Feet, Heart:** We will learn to recognise different styles of music and use the correct terms, such as "verse" and "chorus" to describe how a song is structured. We will sing and play instruments with creativity and understanding.

**Nativity Songs:** We will practice singing and perform songs linked to the Nativity.
