

My day at monterey bay aquarium

Friday the 5th of July 2020.

The drive to Monterey bay was so frustrating, my brother must have said "are we there yet" 1,000,000 times in one hour! After just a few minutes I got sick of him and we had a massive row, but hey at least I won! I must say it was worth the awful drive though because Monterey bay aquarium was so grand, bright and colourful all at the same time.

Fortunately, we booked tickets online which meant we got to skip the line that extended all the way to the pier! Once we were in, I could not believe my eyes! There were colourful signs everywhere, I could see lots of interesting fish, birds and even sharks. You should have seen mum's face when she saw them! There were tunnels going through the tanks and even small ones that were for children only [haha parents]. I even noticed an area where you could touch starfish and sea anemones; how cool is that!

$$\begin{aligned}(12 \div 4) \times 4 &= (9 \times 5 \div 3) \div 5 = \\ (9^2 \div 9 \times 1) \times 0 &= 3 \times 3 = \\ (11 \times 12) \div 12 &= (4^3 - 12) \div 4 = \\ (4 \times 3) \div 2 &= (16 \times 6) \div 12 =\end{aligned}$$
