

## Geography

**My World, my country, my town, my village:** We will use maps and globes to locate countries, towns and villages. We will describe and compare the features of Mendlesham, using compasses and directional language. We will create our own maps and devise a key for local features.

## Science

**Materials:** We will sort and group materials according to their properties and say whether they are natural or manmade. We will explore materials that can be changed by twisting, shaping and bending. We will perform simple tests and answer questions about the suitability of different materials used to make different products.

## English

**Inspirational stories, traditional tales and instructions:** We will retell stories, building our emotional vocabulary and empathy skills. We will use this as a basis for our writing of stories. We will read and retell traditional tales and change features to make them our own. We will also write instructions for making our money purses in DT.

## Computing

**Internet safety-** In this unit we will learn how to keep safe and enjoy being online. We will explore Apps that support our learning and what is appropriate to our age range. We will learn about respect and care for others online, just as we would do offline.

## P.E.

**Games:** We will explore skills of running, throwing and kicking to play a range of games.

**Yoga:** We will explore mindful movements and build on our balancing skills and core strength.

## Art and DT

**Painting:** We will draw and paint self-portraits in the style of Van Gogh and explore shape, line and colour.

**Textiles:** We will design and make our own Christmas money purses using sewing tools and techniques.

## History

**Famous Figures-** We will explore the lives of influential figures over time. These will include human rights activists, scientists and more. We will learn about changes over time and similarities and differences between present day and the past.

**Hazel Class Autumn 2020**

**Who do you think you are?**

## R.E.

**Christianity- What did Jesus teach us?**

We will stories about Jesus and what they teach us about being a kind person.

**Celebrations. Christmas and Diwali-** we will explore Christmas traditions and the new year festival of Diwali, including the story of Rama and Sita.

## PSHE

**Who do you think you are?** We will learn about respectful friendships and how to have empathy for the feelings of others, whilst also recognising our own feelings and how to express them. We will look at families, how they differ and the roles different people play in our lives. We will link our learning to history and think of who we will aspire to be as we grow up. We will also learn about our own health, privacy and what we expect from others as to how they respect and care for us.
