

Willow Class

Autumn Term 1 2020

The first topic we will base our learning around in Willow Class will be 'Who do you think you are? We have already spent lots of time getting to know the children, thank you for supporting this with information from home. Across the term will be looking at the topics of healthy food and bodies and Harvest.

In the Early Years Foundation stage (EYFS) we plan our teaching alongside the children's interests. If the class is really interested and engaged in a particular topic or an activity spurs them on to find out more, we try to adapt our teaching and what we do to match their enthusiasm.

Our main focus for these first few weeks will be settling in, getting to know each other, learning routines and being happy at school.

Phonics

In the next few weeks, we will begin daily phonics sessions, where we will practise the listening skills needed to hear the sounds in words. There will be lots of practise to do at home. There will be more information about Phonics to follow.

Areas of Learning in the EYFS

- Communication and language
- Personal, social and Emotional development
- Physical development
- Literacy
- Mathematics
- Expressive arts and design
- Understanding the world
