Dear Parents/Carers

13 November 2020

The end of another busy week! This week, the whole school gathered on the playground in our class groups to observe Remembrance Day. We held a minute's silence and then three children from Year 6 read the poem Flanders Fields. Thank you to everyone who brought money for Children in Need.

Oak Class

This term Oak Class have got off to a good start with a week of poetry, thinking about our choice of vocabulary and our line breaks to create a simple but effective poem. We've used our best handwriting to do a neat copy. This will go on display on Oak Class's autumn British mammals board created at the end of last half term - lots of people have commented on how lovely and cheerful it looks. Some beautiful autumn leaves were created by the class, along with some British mammals using a mix of pastels and coloured pencils.

Symptoms of coronavirus in children from www.nhs.uk/

The main symptoms of coronavirus are:

- a high temperature
- a new, continuous cough – this means coughing a lot, for more than an hour, or 3 or more coughing episodes in 24 hours
- a loss or change to sense of smell or taste – this means they cannot smell or taste anything, or things smell or taste different to normal

What to do if your child has symptoms

If your child has any of the main symptoms of coronavirus:

1. Get a test to check if they have coronavirus as soon as possible.
2. You, your child and anyone else you live with should stay at home and not have visitors until you get the test result – only leave your home to have the test.
- 3.

Anyone in your support bubble should also stay at home if your child has been in close contact with them since their symptoms started or during the 48 hours before they started.
