1 April 2022

Dear parents and carers,

We are very much looking forward to welcoming you back into school next week for our parent consultation meetings. Coming into school, to see your child's classroom setting, can help continue conversations about your child's learning once your child has returned home. The staff are looking forward to having parents in school again, however we appreciate we still need to be cautious at present.

From today the Department for Education has issued new measures and guidance for dealing with COVID-19. Please take note of the follows changes:

- *children and young people who are unwell and have a high temperature should stay at home and avoid contact with other people. They can go back to school, college or childcare when they no longer have a high temperature, and they are well enough to attend.*
- *regular asymptomatic testing is no longer recommended in any education or childcare setting, including in SEND, alternative provision and children's social care settings.*

This being said, if your child is generally unwell and unable to attend school, then please keep your child at home and **inform us each day** your child is absent.

Kind regards,
Joseph Santy
