Dear parents and carers,

Online Content

It has come to our attention that some of our pupils are discussing online content that is aimed at older children/adults. We have been made aware of discussions relating to Grand Theft Auto – a computer game that involves controlling a criminal and wreaking havoc across a city. And in addition to this, some children have been talking about a character called 'Huggy Wuggy' – a creature with razor sharp teeth that haunts your dreams – appearing in YouTube videos aimed at children.

At school, we will continue to be vigilant and open about such topics, whilst giving children an opportunity to talk to us about anything that worries them. We ask if you could also be watchful and communicate with your child if such content arises. I am also attaching two internet safety print-outs for your information on the matter.

Sun cream

We would greatly appreciate children having long-lasting sun cream applied before school starts and not have it brought into school. We are having an increasing number of children trying to apply their own sun cream throughout the day. This is unfortunately creating a mess in the classrooms with children who are unsure how to apply it evenly. In addition to this we are mindful of other children with particular allergies. We thank you for your understanding.

Kind regards,
Joseph Santy

Enterprise Afternoon

The whole school enjoyed spending some time buying items from the year 6 children this afternoon. Products included keyrings, face paint and sweets. A lot of money has been raised for charity. Thank you
